

# WE'RE HERE TO MAKE YOU FEEL AT HOME

Not every rehabilitation and skilled care center was created to make Japanese Americans feel at home. But Harmony was. In fact, we were built with one goal—giving older Japanese Americans everything they need to preserve optimal health of body, mind and spirit. It's a goal we extended to the Asian American community—and to the general community. But we never lost sight of our Japanese American origins.

So whether it's our ethnic cuisine or our Japanese speaking staff members—you'll feel at home. What's more, you'll find the most compassionate skilled nursing, respite, Alzheimer's and rehabilitation care around. So visit us today. Or call us at 773.588.9500.
